

Brise Soleil

Cassette System (Single) : Face-Fixed Brackets

INSTALLATION GUIDE

Brackets

Positioning; either use width of cassette to establish spacing of brackets, or have cassettes made to suit bracket spacing.

Fit brackets to wall using suitable bolts.

Offer cassette up in between brackets and loosely secure, using bolts provided, at both ends.

Raise front of cassette up to horizontal, and fit second fixing bolts at each end.

Tighten each fixing in turn, checking cassette is straight and level.
